Dear Friends

by Alyssa Leano

- For my dear friends -

It's true I'm not great like the old Dr. Suess,
But might as well put these skills to good use.

This whole freakin' book was a hassle to do,
you'd better be glad I did this for you.

So sit back, relax.
Enjoy the fun ride.

I worked hard to rhyme — really, I tried.

and you might be blue.

Life can be tough, that much is true.

It's scary, confusing, and you might be blue.

But you'll be just fine, don't worry so much.

Just go with the flow and follow your hunch.

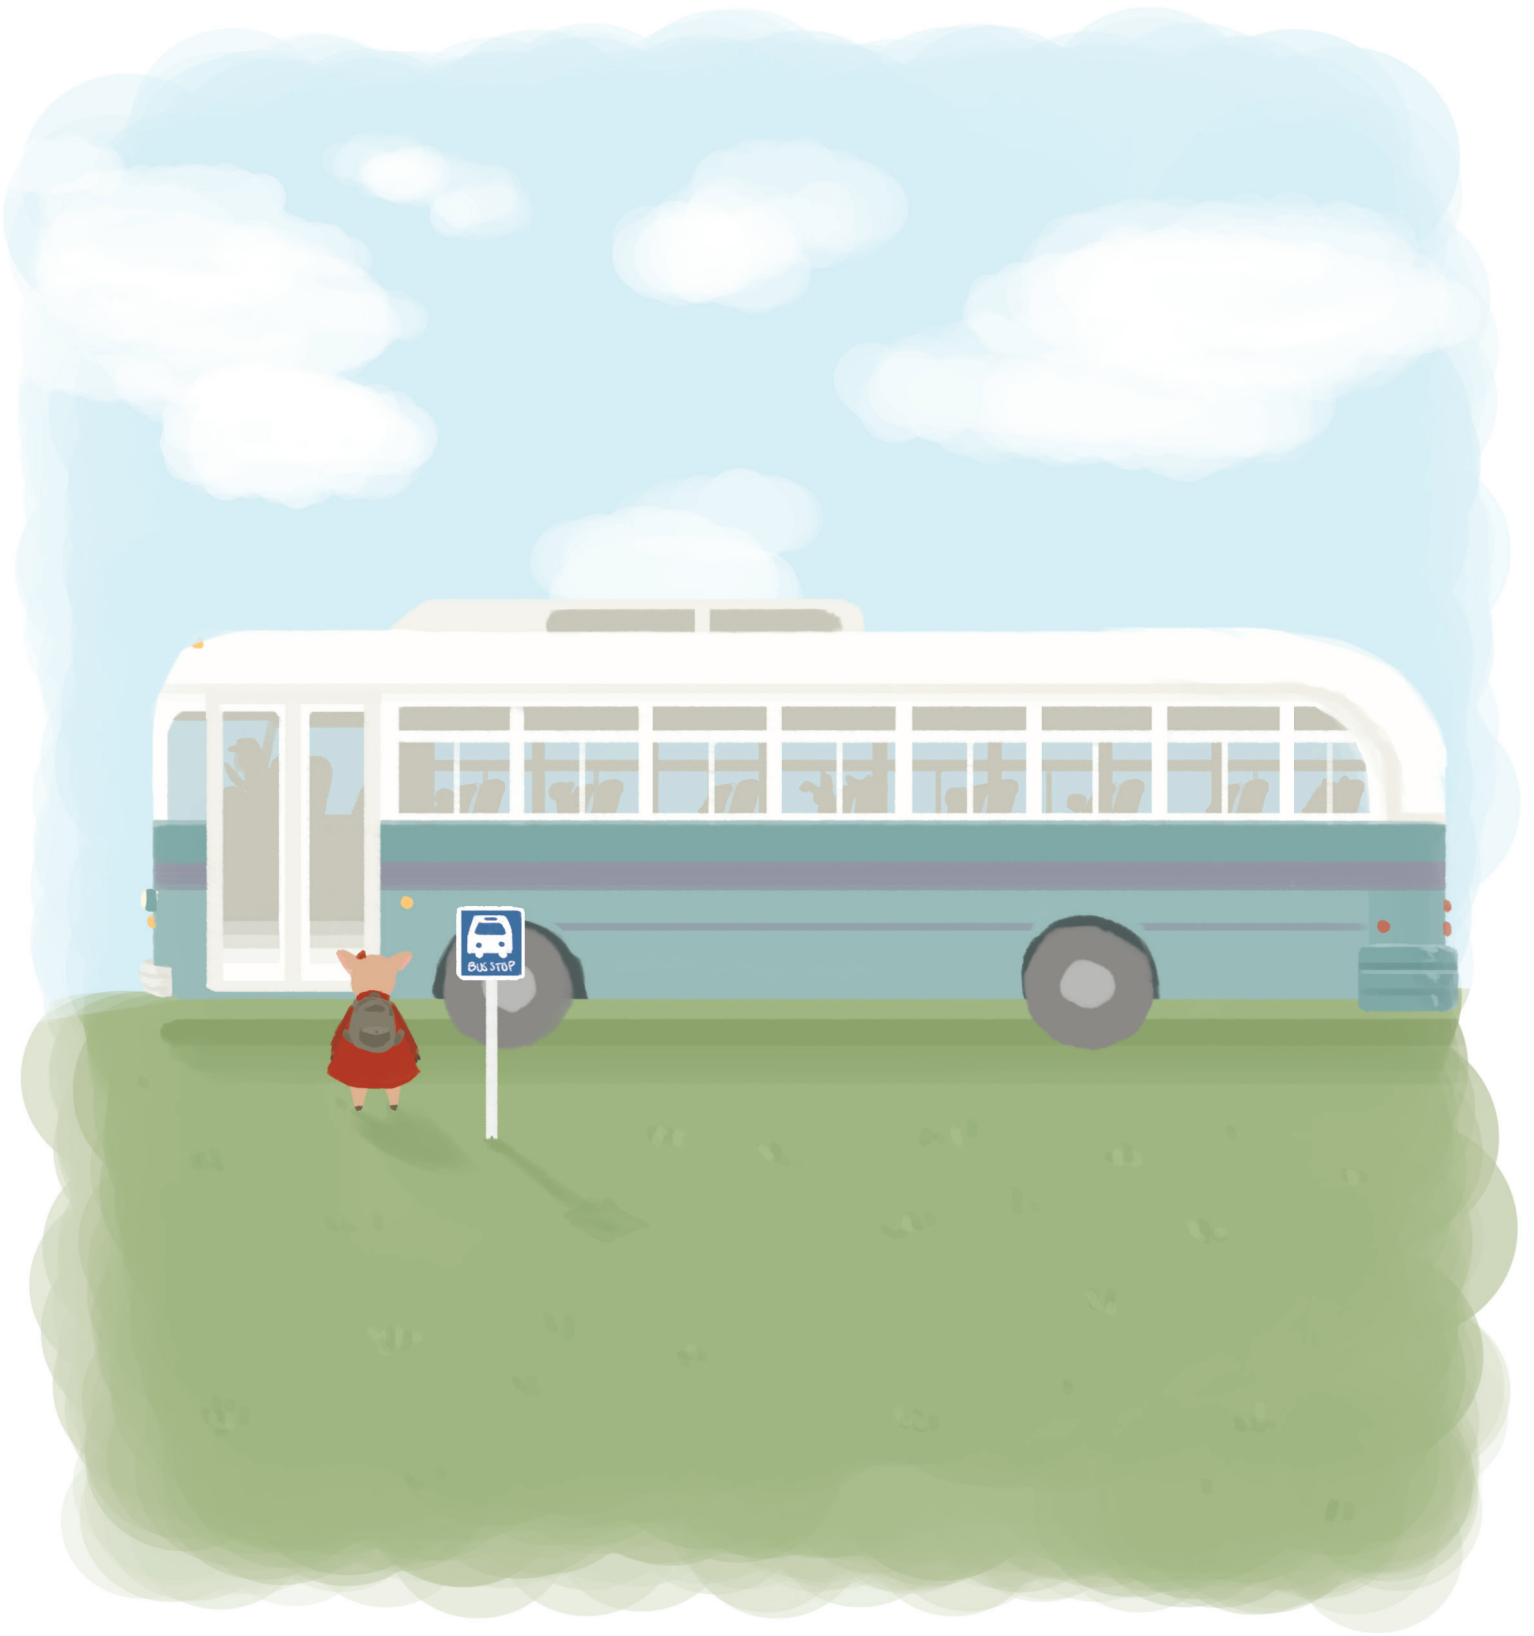

It's all up to you to choose where to go.

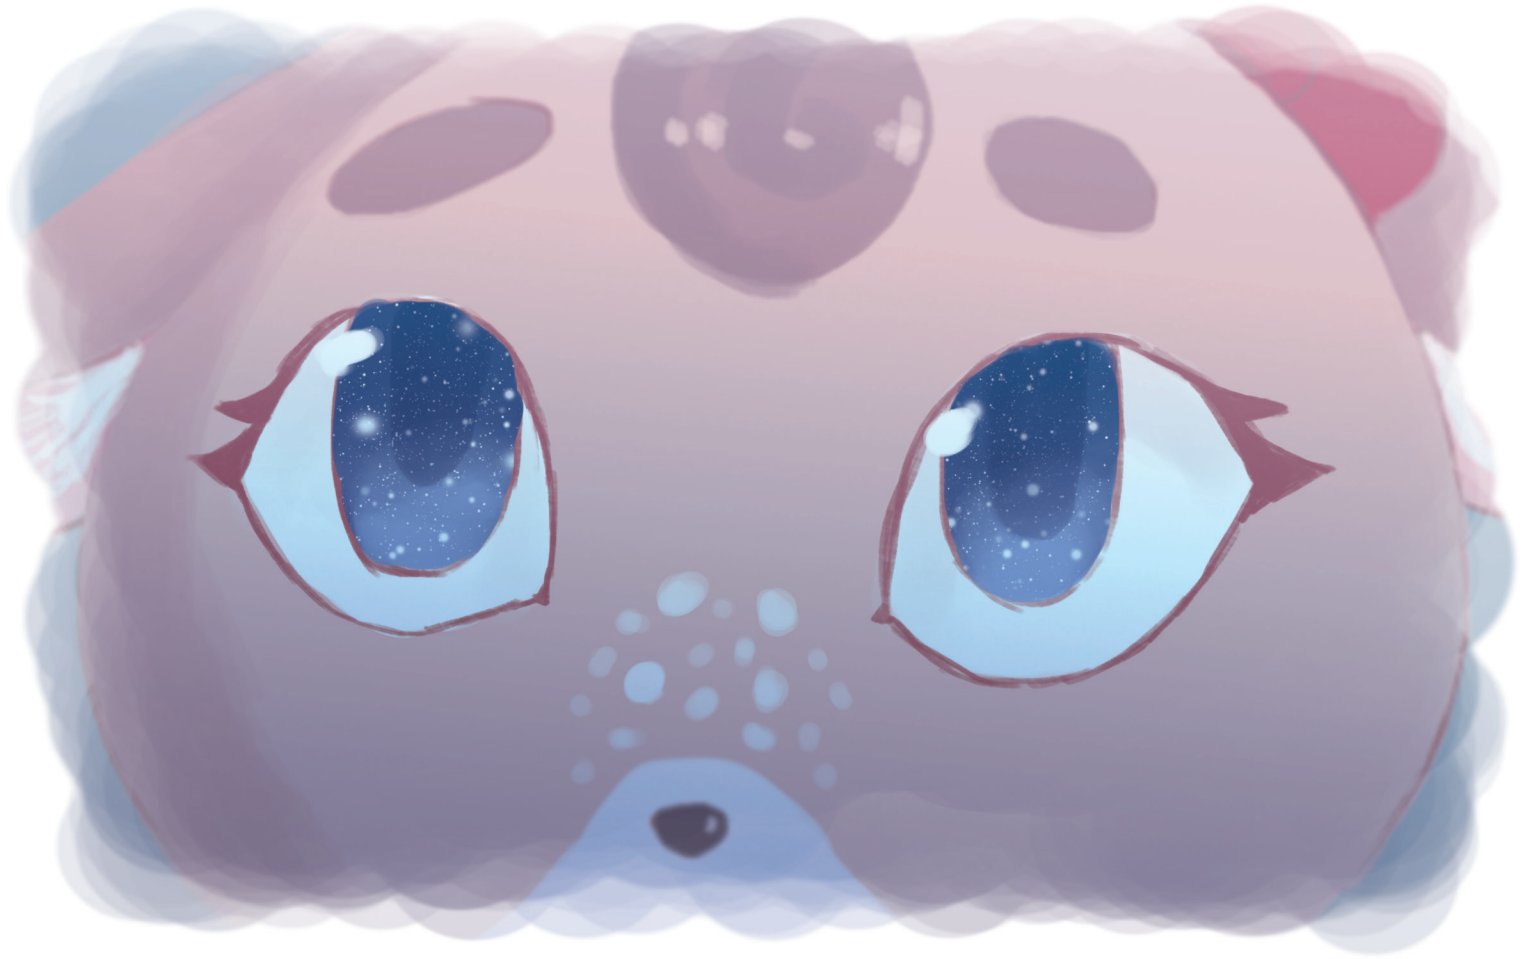

But it's okay, too, if you don't really know.

You'll get there someday

and make up
a plan.

I know you can do it

I know that you can.

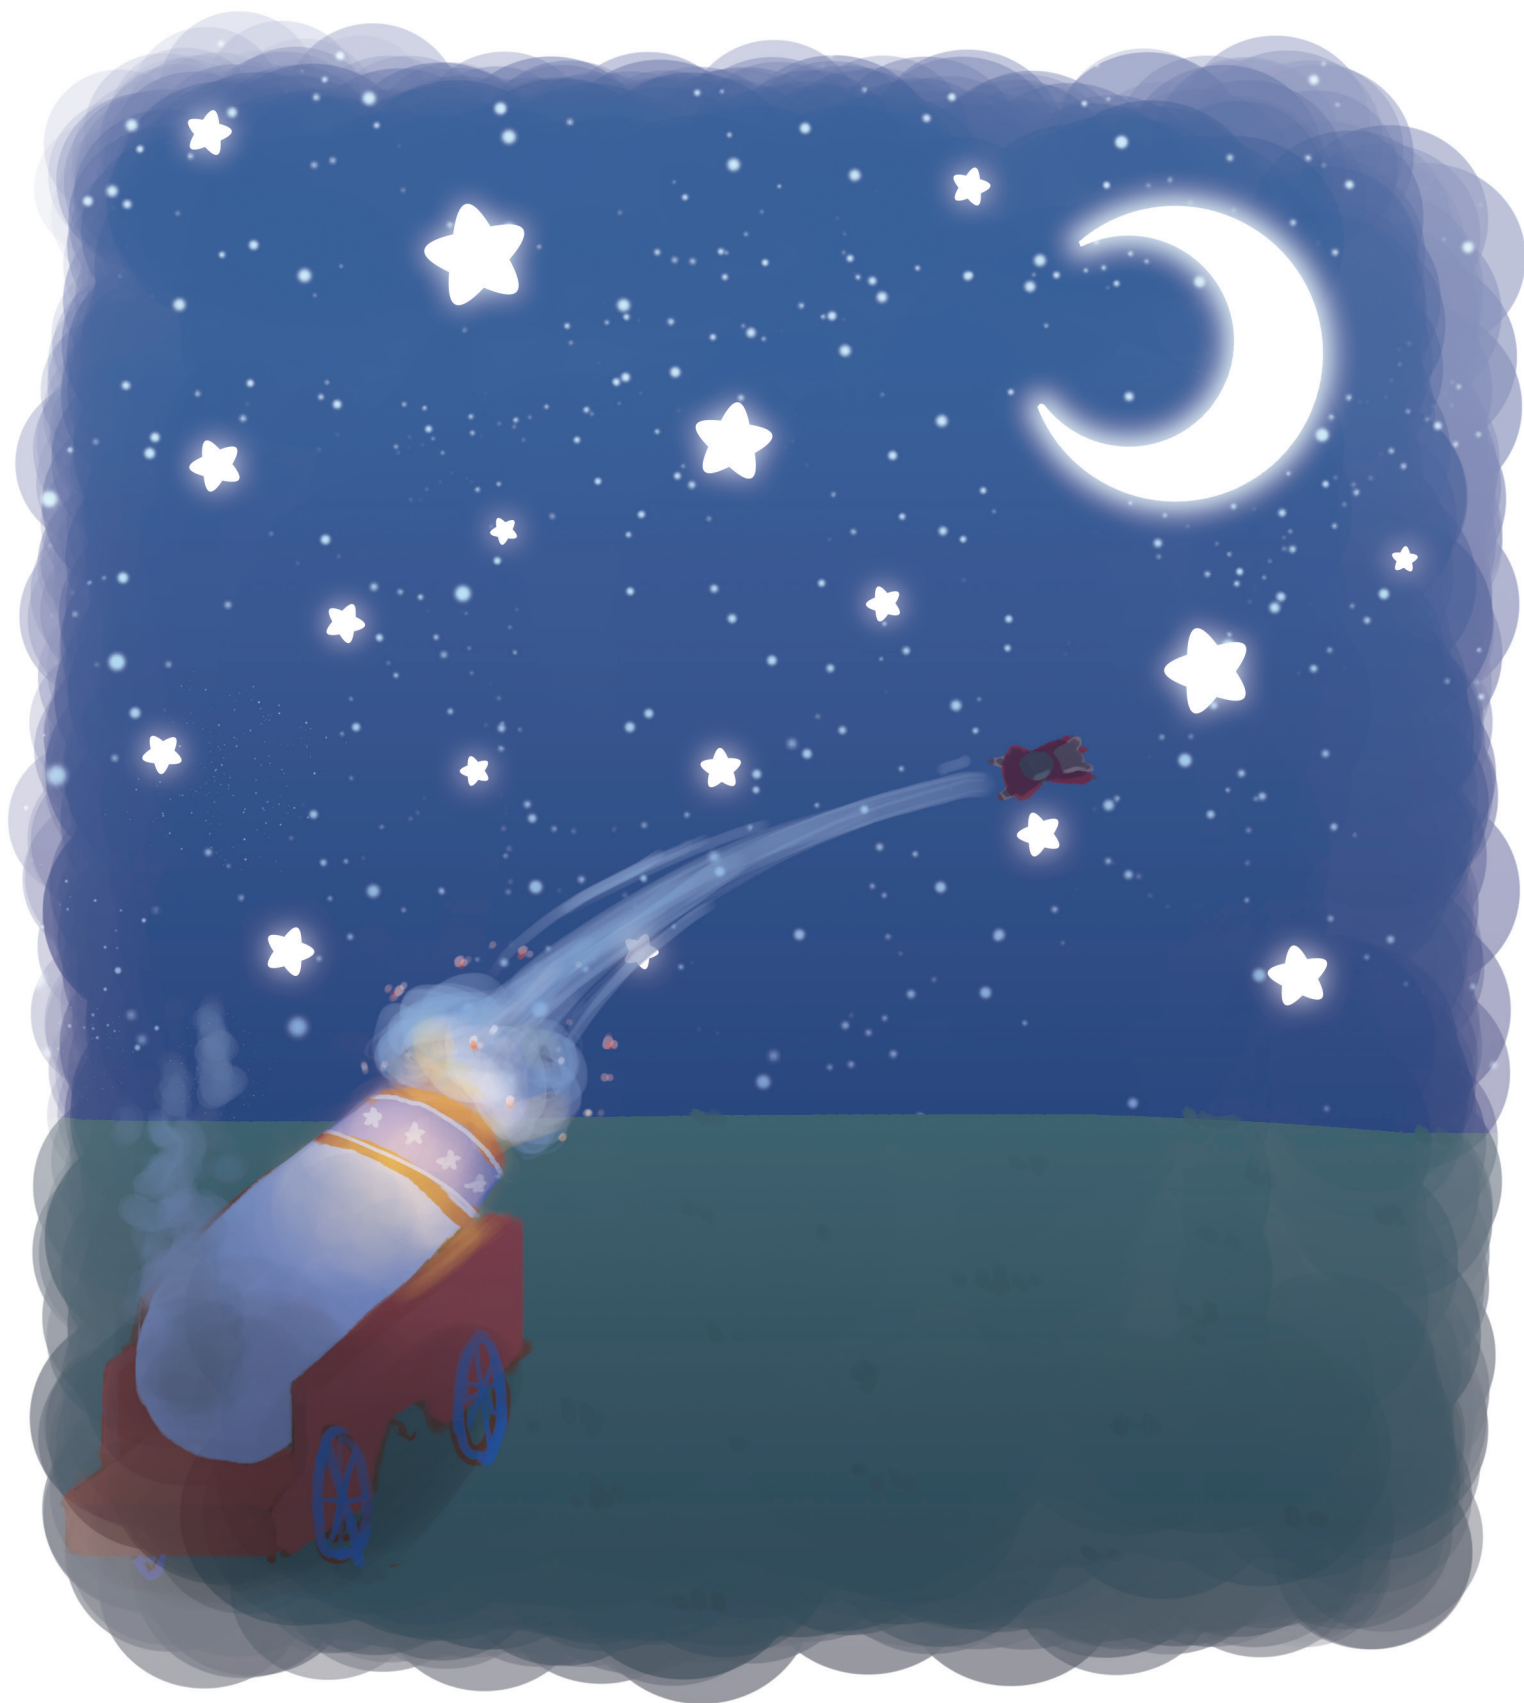

So go for your dreams

and aim for the stars.

Just take your best shot, you're gonna go far.

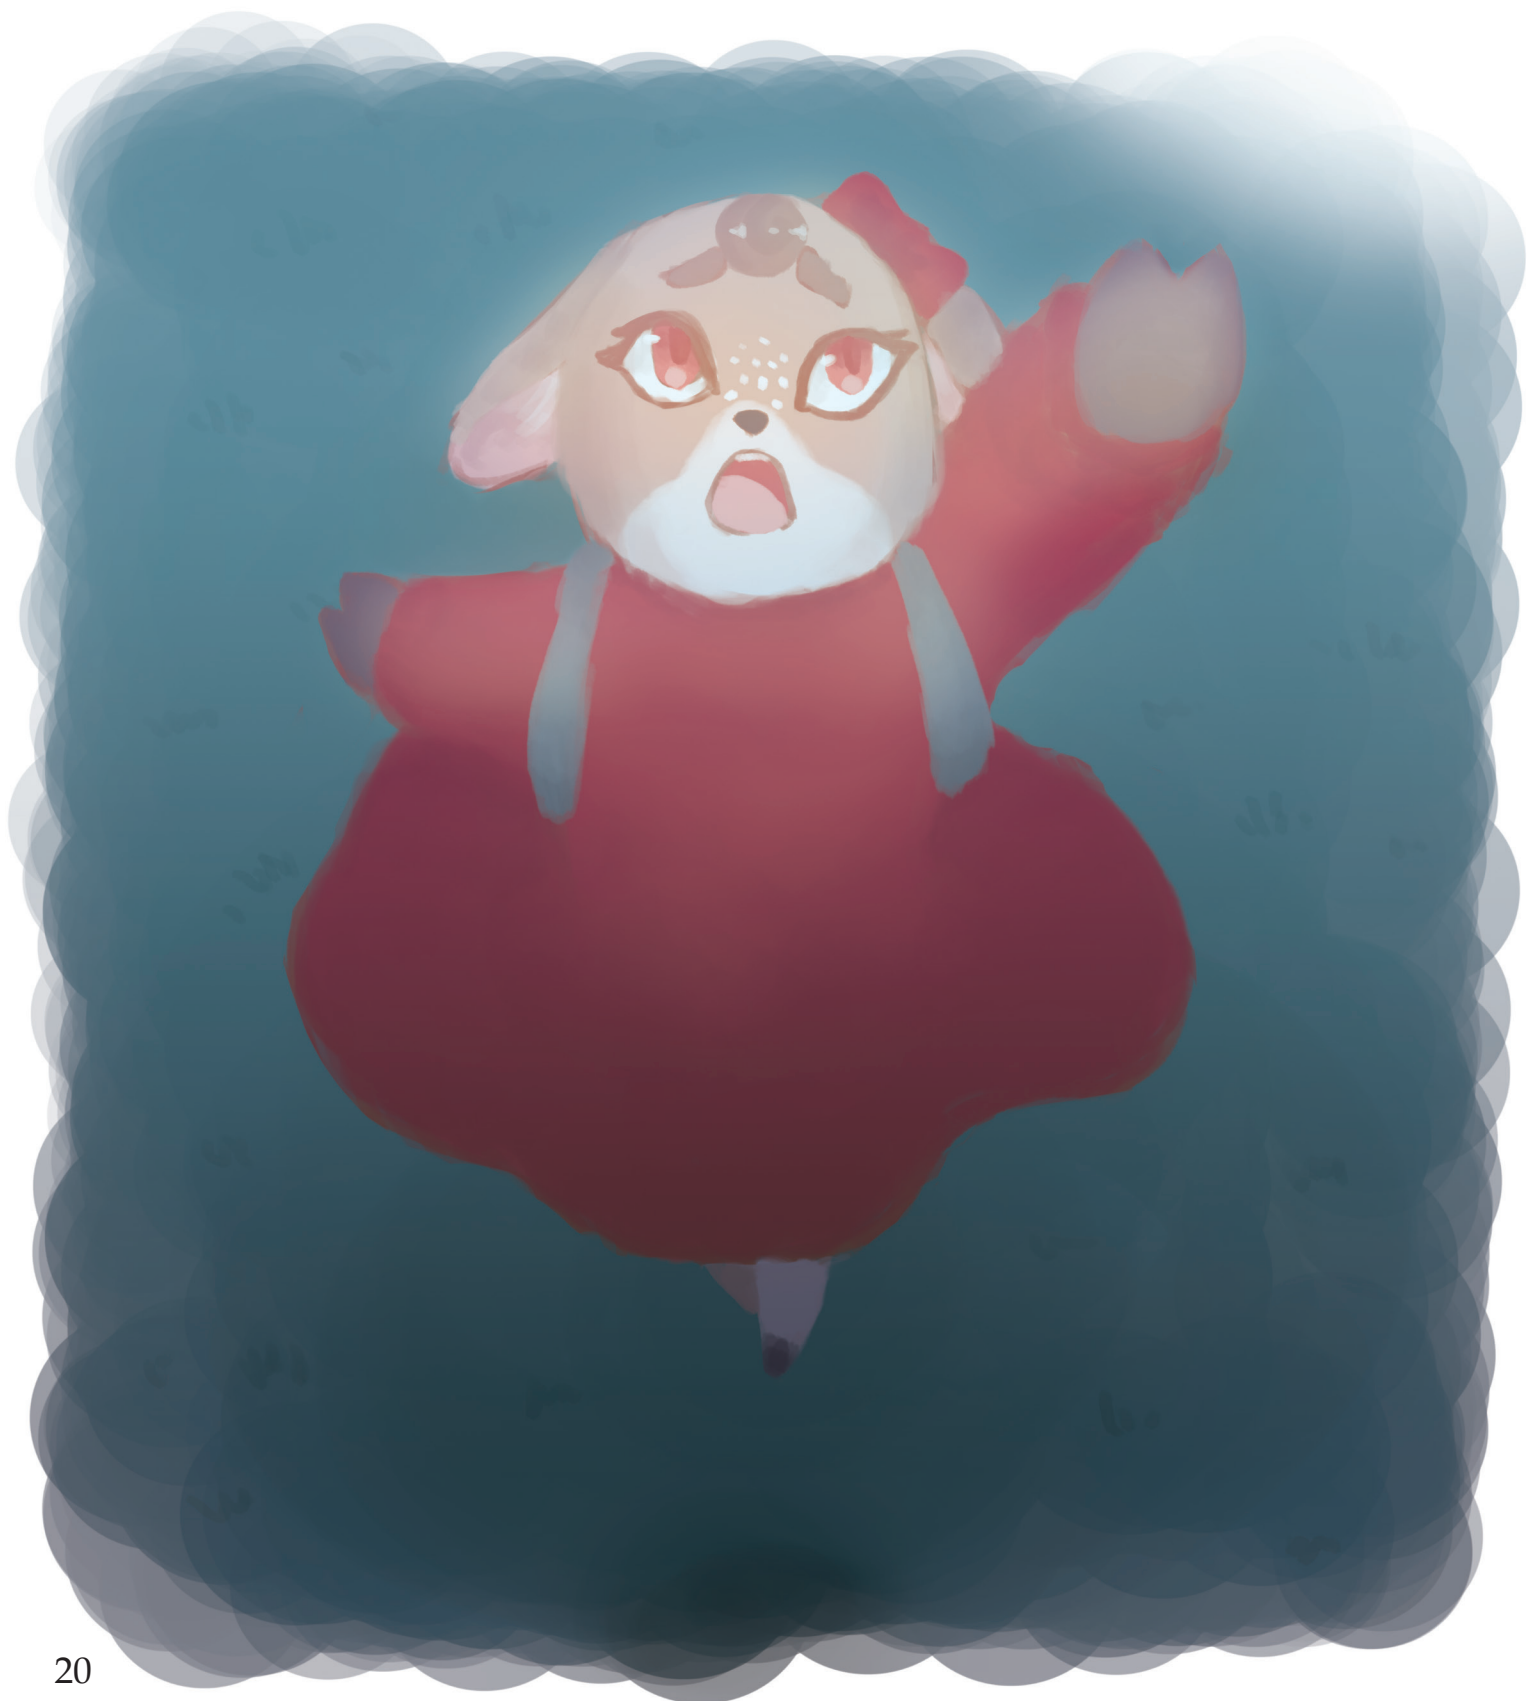

But don't
be afraid

if you miss
and you fall.

It could happen to you – it happens to all.

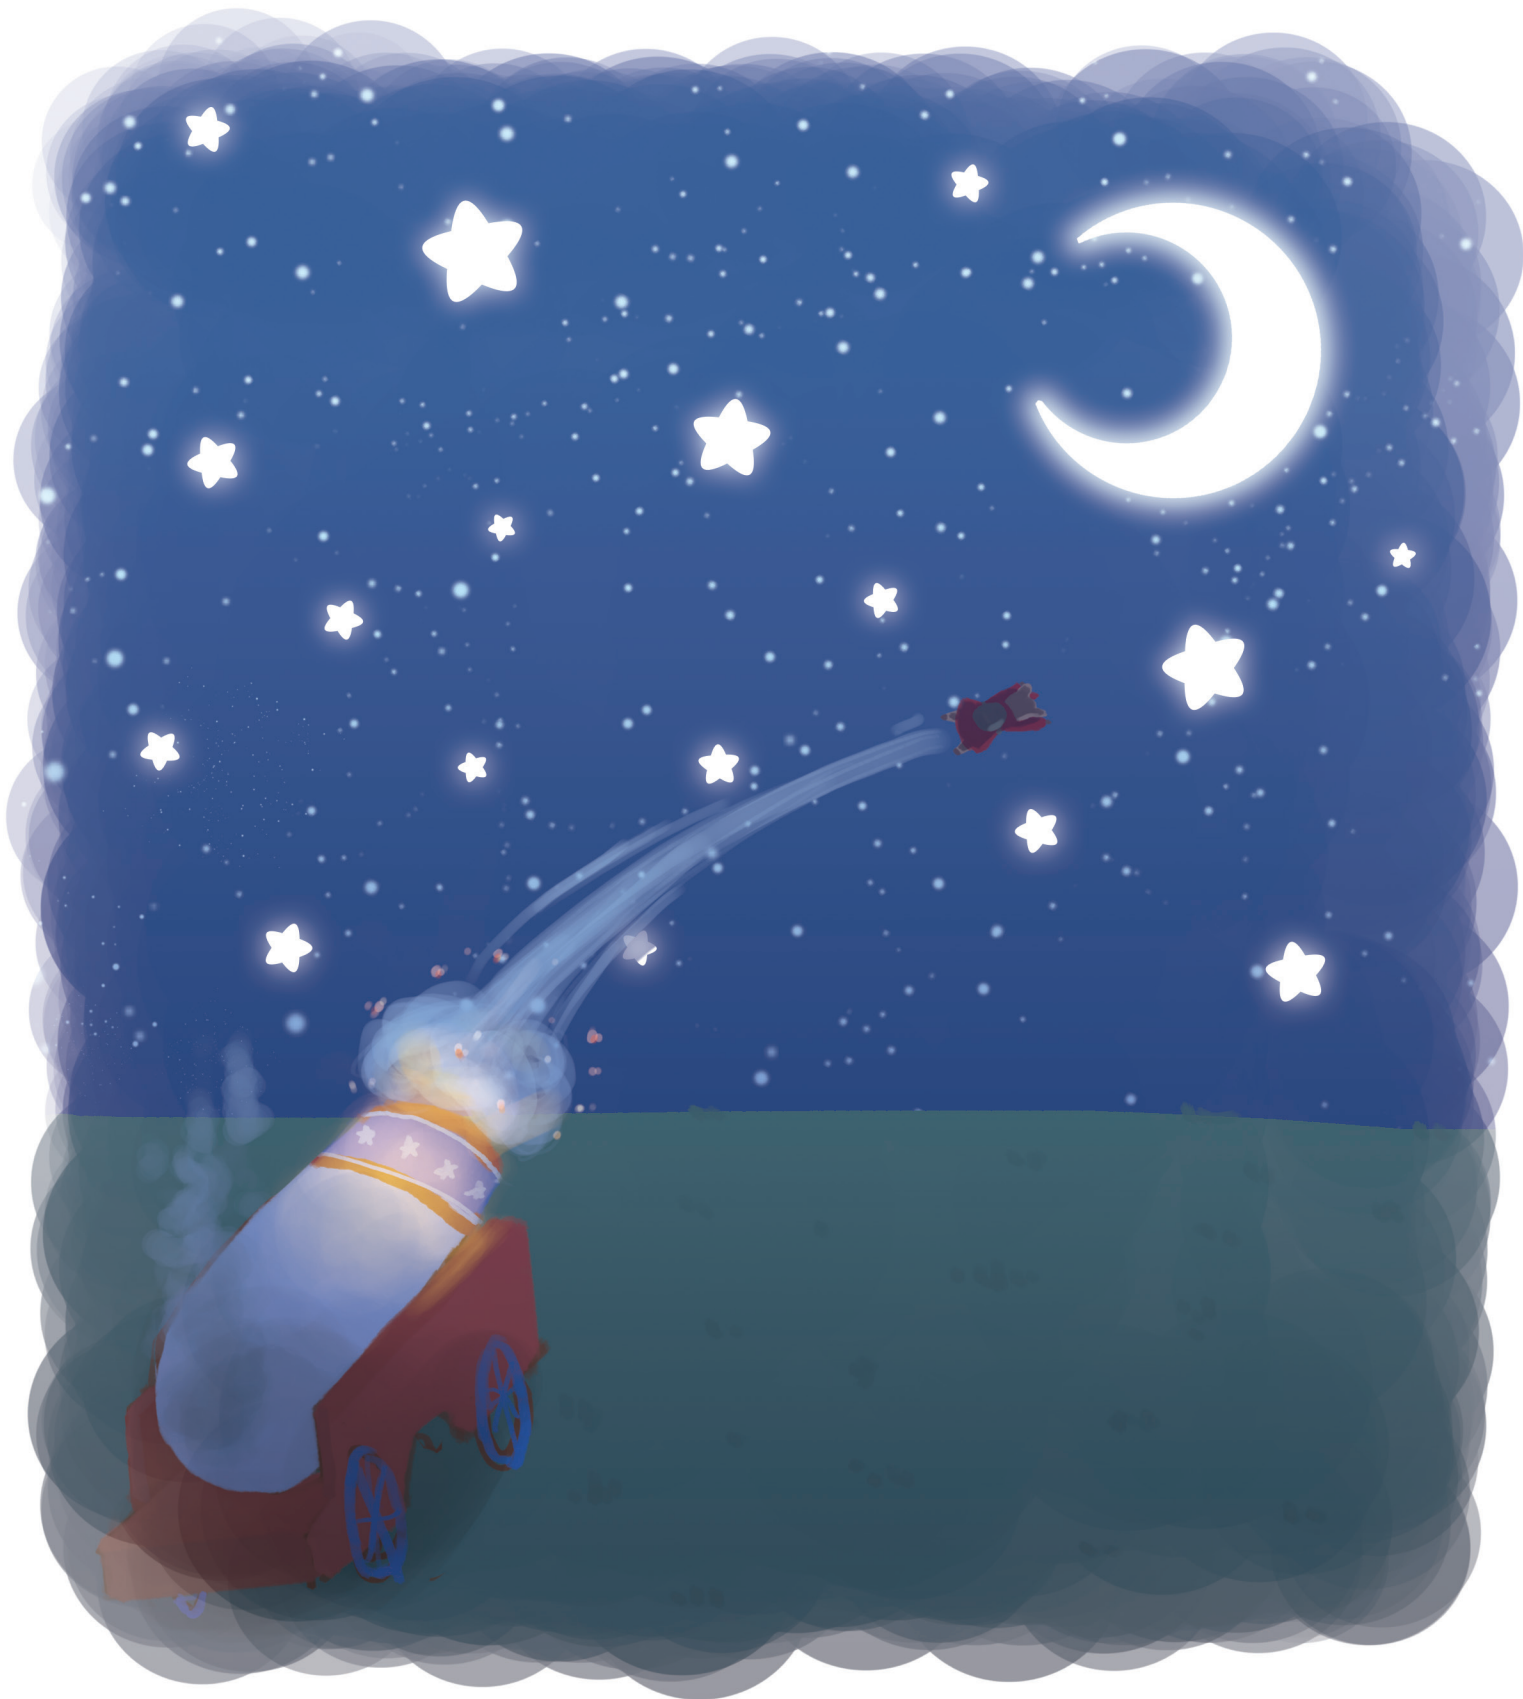

But if that does happen, here's what you do.

You pick
your self up,

reposition
it, too.

Then try, try again 'cuz hey, what the hell?

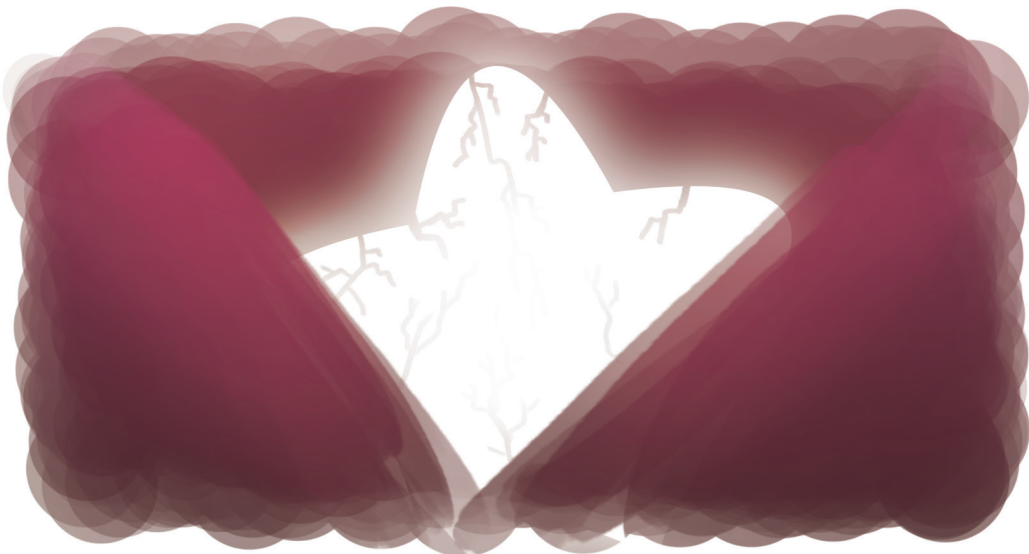

With the knowledge
you've learned

you won't fall
where you fell.

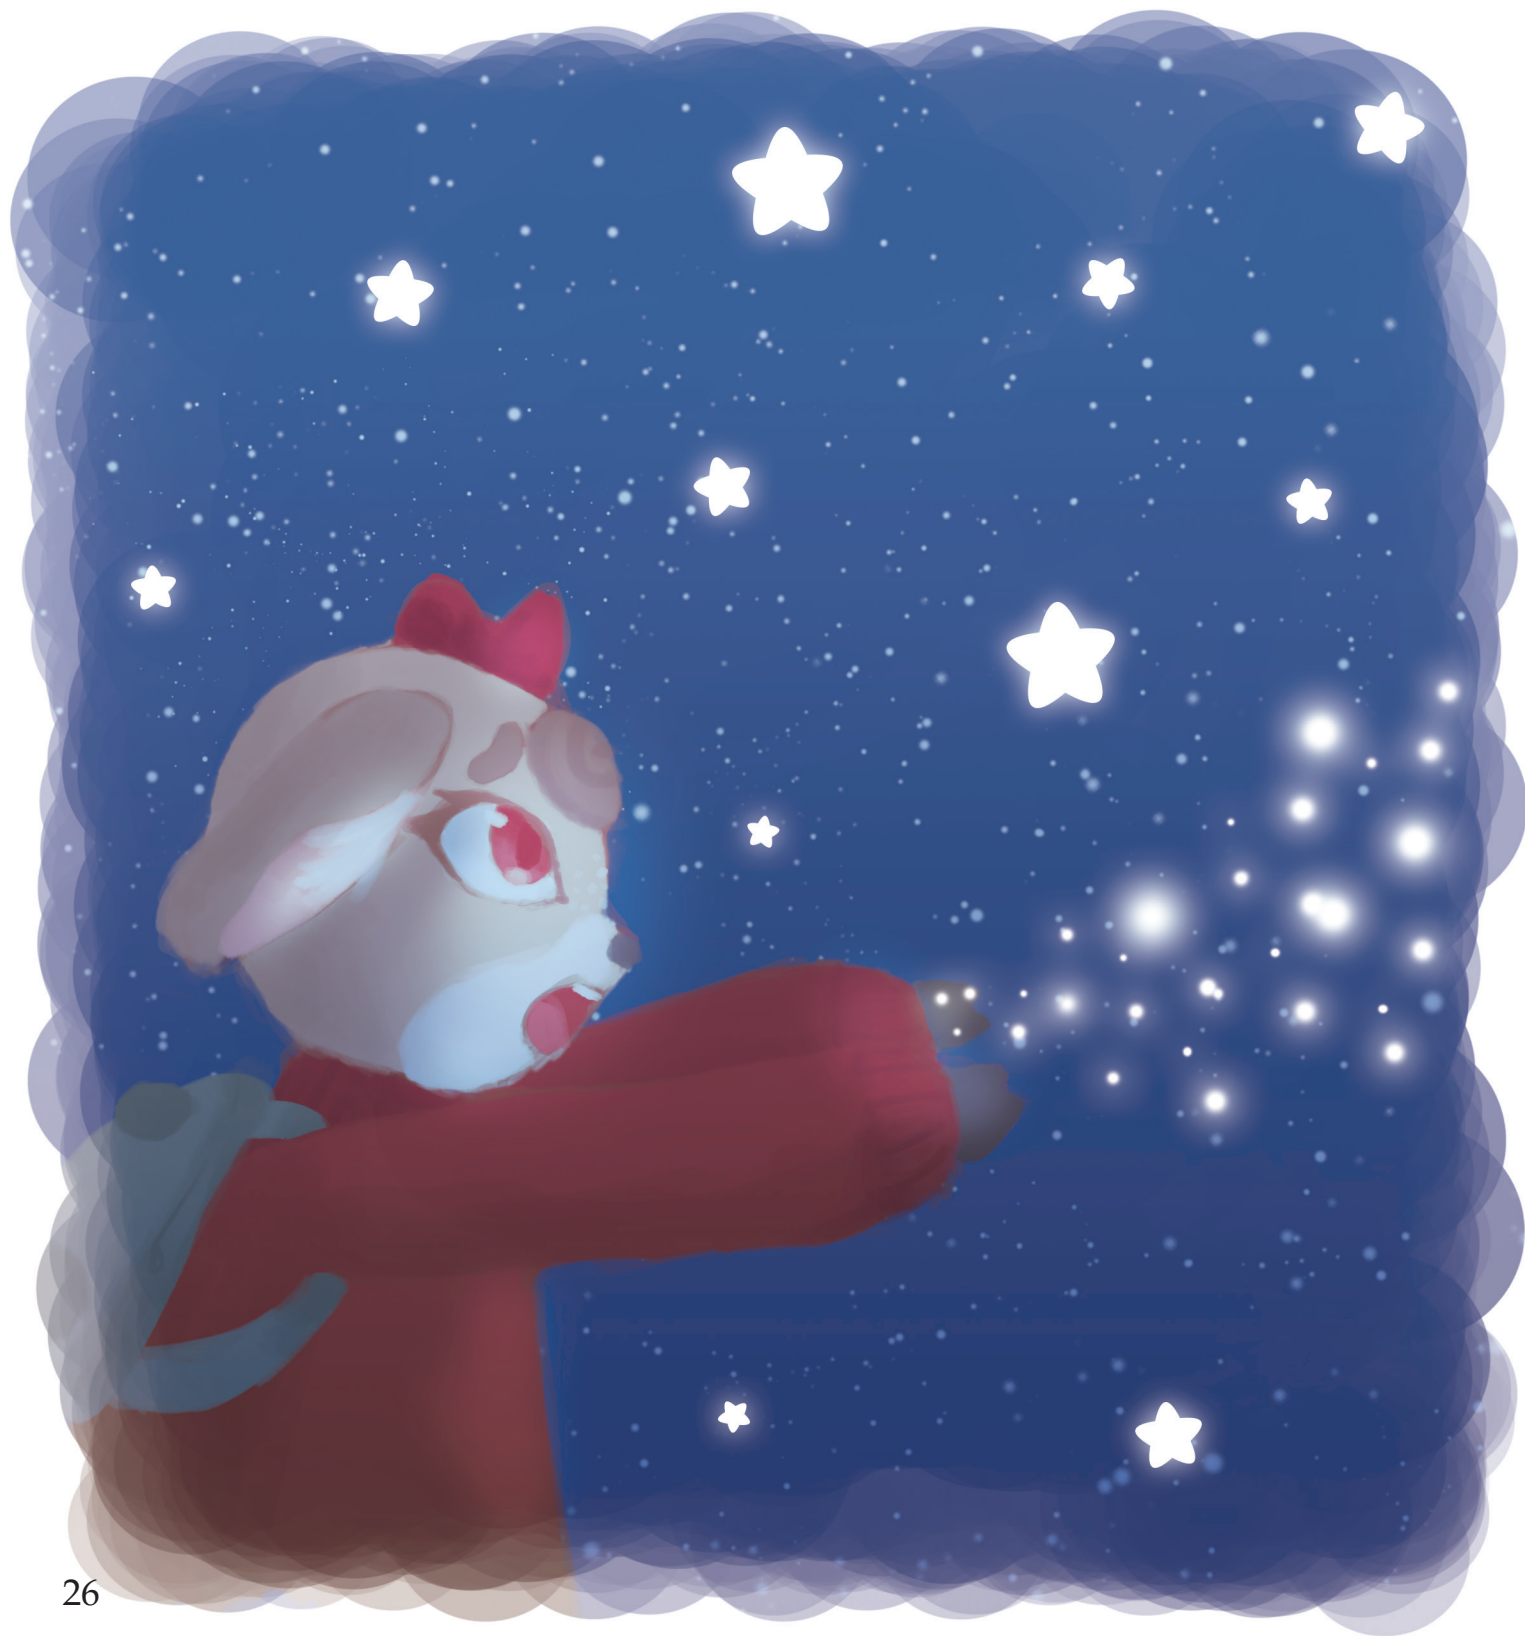

Now see? It's not hard.

Except when it is.

You win some, you lose some.

It's all part of the biz.

Though some day someone will admire your chase

and everything else will fall into place.

So straighten your back and hold your head high.

Just take a big step, it's easy as pie.

I've said it before and I'll say it again.

I know you can do it,

we all know you can.

The End.
